

EDGE T1

SMART EDGE. LIMITLESS POSSIBILITIES.

Edge T1 is a high-performance thin client built for modern VDI environments. Powerful. Secure. Reliable.

PERFORMANCE

Built for speed and productivity

SECURITY

Enterprise-grade data protection

MANAGEABILITY

Easy to deploy and manage

VERSATILITY

Works with any VDI platform

Built for Modern Workspaces

Virtual Desktops

Cloud Workspaces

Call Centers

Education

Healthcare

Nexibox Edge T1

Efficient Performance with Next-Gen Intel® Processor

Secure | Silent | Compact | Enterprise Ready

Compact Thin Client / Mini PC for VDI & Cloud Workspace Infrastructure

The **Nexibox Edge T1** is a compact, energy-efficient, fanless thin client designed for modern Virtual Desktop Infrastructure (VDI), Digital Workspace, and Cloud Computing environments. Engineered for reliability, security, and seamless remote desktop access, the Edge T1 delivers optimized performance for enterprise applications running on VMware, Citrix, Microsoft RDP, and browser-based platforms.

Built with a silent fanless architecture, low power consumption, and enterprise-grade security features, the Nexibox Edge T1 is ideal for government offices, enterprises, educational institutions, healthcare, banking, BPOs, manufacturing, kiosks, and smart workspace deployments. The device supports centralized desktop management and secure endpoint computing while reducing maintenance overhead and operational costs.

Seamless 4K Visuals and Dual Display Productivity

Enjoy smooth 4K video streaming & extended productivity with dual monitor support. Nexibox Edge T1 Mini PC features both HDMI and DisplayPort outputs, enabling crystal-clear visuals for entertainment, workstations, or public displays.

Key Features

- Compact Fanless Desktop Thin Client
- Optimized for VMware Horizon, Citrix Workspace & Microsoft RDP
- Silent & Energy Efficient Operation
- Secure Read-Only Locked-Down OS
- Supports Kiosk Mode & Remote Device Management
- Fast Boot with SSD/Flash Storage
- Dual Browser Compatibility for Web Applications
- Enterprise-Grade Security & Endpoint Protection
- Suitable for 24x7 Continuous Operation

VDI & Virtual Workspace Compatibility

The Nexibox Edge T1 is purpose-built for secure and centralized virtual desktop deployments and fully supports:

- VMware Horizon Infrastructure
- Citrix Virtual Apps & Desktops
- Microsoft Remote Desktop Services (RDS)
- Cloud Hosted Virtual Desktops
- Browser-Based SaaS Applications
- Hybrid Work & Remote Access Environments

The system ensures smooth multimedia performance, low latency remote access, and secure user authentication for enterprise virtual workspace deployments.

Ideal Use Cases

Technical Specifications

SYSTEM

Specification	Details
Model Name	Nexibox Edge T1
Device Type	Compact Thin Client Desktop
Processor	Intel Processor N-Series
Processor Type	Intel Twin Lake
CPU Cores	Quad Core(4)
Processor Speed	2.00-2.70 GHz
Graphics	Integrated HD Graphics

MEMORY & STORAGE

Specification	Details
RAM Capacity	8GB 16GB
RAM Type	DDR4
Storage	128GB 256GB SSD / Flash / DoM

DISPLAY & CONNECTIVITY

Specification	Details
Display Output	1 × HDMI 2.0 Port, 1 x DisplayPort
USB Ports	2 × USB 2.0
High Speed USB	2 × USB 3.2 Gen1x1
Audio Ports	Line-Out + Mic-In
Network Interface	Gigabit RJ45
Ethernet Support	10/100/1000 Mbps

SOFTWARE & VDI

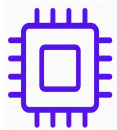

Specification	Details
Operating System	Windows 10/11 IoT Enterprise/Linux
Browser Support	Chrome,Firefox,Edge,Opera
VDI Support	VMware Horizon, Citrix Workspace, Microsoft RDP, VNC

SECURITY

Specification	Details
Security Features	Firewall, Windows Defender
Advanced Features	Auto Logon Manager
Optional Features	Kiosk Mode, Remote Management
OS Security	Read-Only Locked-Down & Tamper-Proof OS

POWER

Specification	Details
Power Adapter	AC 100–240V, DC 19V / 3.42A

Intel® Processor
Powerful & Efficient

Up to 16GB RAM
Fast & Responsive

Low Power
Consumption

Up to 512GB SSD
Storage

Dual Display Support
HDMI / DP

Wi-Fi 6 &
Gigabit LAN

Security & Manageability	Physical & Environmental	Warranty & Support
The Nexibox Edge T1 is designed with enterprise endpoint security in mind:	Ultra Compact Form Factor	Standard 3 year OEM Warranty Support
SecureLocked-Down Operating Environment	Silent Fanless Operation	Driver & Firmware Support
Read-Only OS Protection	Low Power Consumption	Remote Technical Assistance
Tamper Resistant Architecture	Reliable 24x7 Operation	Enterprise Deployment Assistance Available
Centralized Device Administration	Minimal Maintenance Requirement	
Optional Remote Monitoring & Management	Space Saving Design	
Controlled User Access Policies		
Firewall & Endpoint Protection Support
